

Guard Level® MTDE

Multifunction Tank Display, Explosion Proof

- Explosion proof Class 1, Div 1 device
- Cast bronze housing and stainless sun shade
- Powered by 24VDC source
- Large LED displays are readable to 30 FT or more for ullage, level, volume, pressure, tank temperature, and independent high and overfill (HH) alarms
- Tankerman can read and acknowledge alarms of all tanks from one unit
- All units change to tank in level alarm, and then after preset time default back to assigned tank after acknowledgement
